City Council

The regular weekly meeting of the city council was held on Tuesday evening at 7 o'clock.

Minutes of previous meeting read and adopted.

Forward correspondence was read as follows:

From Wetaskiwin Brass Band requesting use of city hall upstairs until required by fire brigade.

Brackendale & Lund Coal Co. asking quotation for coal.

C. S. Lott quotations on coal.

Century Telephone Co. re telephones.

Other minor correspondence and the outward letters were also read.

Montgomery-Raybold, That the clerk be instructed to order a seal for the municipality same style as in present use with the word city substituted for town.—Carried.

C. J. Simmons, \$1,845.00 for all work complete.

S. H. Raist 48c per lineal foot, and crossings at 90c per lineal foot.

Moved by Olin-Raybold, that Nelson & Archer's tender be accepted.—Carried unanimously.

The question of granting the use of the hall to the band was then gone into. The aldermen were all in favor of giving all encouragement possible and on motion of Raybold-Montgomery it was agreed that they be granted the use of the hall on Monday, Wednesday and Friday evenings until the appliances arrive for the gymnasium, being installed by the fire brigade. All voted yes, excepting Ald. Gould.

Shedwalk tender was then opened as follows: for five foot sidewalks Nelson & Archer, 37c lineal foot; crossings 77c lineal foot.

Montgomery-Gould, That the public works committee be instructed to build a suitable bridge of three inch plank on Roy St. at once.—Carried unanimously.

The question of coal for the power house was then taken up when it was moved by Montgomery-Gould, That sample cars be ordered from the Brackendale & Lund Coal Co. at \$4 a ton and C. S. Lott at \$4.25 a car.—Carried unanimously.

Agreement to the amount of \$24.17 was then passed by the council on motion of Montgomery-Raybold.

His Worship then stated that the diphtheria in the city had now spread to six cases and that he had instructed the health committee to procure a suitable isolation hospital. As three employees at the depot had been attacked the remainder of the staff

Church Chimes

The Church of England services next Sunday will be as follows: Morning prayer, and celebration of Holy Communion at 11 o'clock. Even song at 7:30. The rector will preach at both services.

A mammoth picnic, under the auspices of the K. C. church, will be held on the school section one-half mile south of the city, on Wednesday, July 27th, commencing at 1 p. m. Music will be furnished by the Robbema Indian Famous Mandolin Orchestra. The program will consist of a burlesque base ball game, ladies', girls' and boys' races, fat men's race, wheelbarrow race, sack races, three-legged race, relay race, three-legged race, etc. Music in the evening by The Wetaskiwin Brass Band. All kinds of refreshments on the grounds. Entrance: to grounds and supper 50c, children under 12 years, 25c.

Rev. Dr. Daley, the new pastor of the Methodist church, preached for the first time in Wetaskiwin on Sunday last to good congregations. The Dr. is a very earnest and thoughtful speaker, and with his strong personality should at once win an eminent place amongst the citizens of Wetaskiwin. Prior to coming to Canada a few months ago, Dr. Daley had charge of one of the largest and most influential churches in Belfast, Ireland.

Special evangelistic meetings will be conducted by Mr. J. J. Rome in a large tent located near the Roman Catholic rectory, beginning on Sunday, July 22nd, at 4 and 8 p. m., and continued each night during the week except Saturday at 8 p. m. These meetings are undenominational and purely of an evangelistic character. A large colored chart, 6 x 12 ft., will be used to illustrate the subjects taken up. See large posters for picture of chart and subjects looked into from the Bible. These lectures have been the means of much blessing in other towns and cities, and the citizens of Wetaskiwin are cordially invited to occupy the comfortable canvas seats which are provided free. All are welcome.

O. S. Honeywell left a few days ago for his old home in Centralia, N. Y., on a business trip.

An Indian was shot dead last week for hitting too freely of fire water, and this week an old offender was fined \$25.00 and costs for drinking too freely of the same liquid.

Mr. V. C. James, the obliging manager of the Merchants Bank, left this week for Ontario, where he will spend a three weeks' vacation.

The following officers were elected: President, Mr. W. Stuckey; Vice-President, Mr. Atkinson; Captain, Mr. J. Roper; Vice-Captain, Mr. P. Birch; Sec.-Treas., Mr. A. H. Barnard; Executive committee, Messrs. Ed. Nunnally, E. H. O'Brien, W. Montgomery.

Grounds and Guard committee, Messrs. Hennell, Stuckey, Birch, Roper.

The meeting endorsed the action of Messrs. Stuckey and Barnard in ordering the necessary outfit for the club and arranging for the ploughing and levelling of the pitch.

Permission had been kindly granted by the Health Board for the committee of the city council for the ploughing and general bring up of the club pitch and ground which has been located at the back of the grand stand. The headquarters of the club will be the Queen's hotel where Mr. Atkinson is about to furnish a club room with every convenience for the members and their friends. The right men have evidently interested themselves in the cricket club and the number of members already totals 25, which gives great promise for next year. Great hopes are entertained that next year will be successful with outside teams this year so as to give further impetus to those men who are not yet quite perfect in the game.

There can be no doubt about the future of a city, the men of which support cricket in the right spirit. Baseball may be king but cricket is Emperor.—(Cont.)

Light Wheat Crop

"The world's wheat crop this year will be at least from 200,000,000 to 250,000,000 bushels less than last year," was the estimate made yesterday by Mr. H. B. Dobell, manager of the foreign department of the Ogilvie Flour Mills Co., Limited, who has just returned from a two months' trip abroad in the interests of his company.

Referring to the European crop conditions, Mr. Dobell stated that they showed very mixed prospects. While several important countries would have better yields than last year, such large producers as Russia and Roumania would show very much reduced crops, comparing them with last year. India was estimated as only likely to ship 40,000,000 bushels of wheat, or about half her last year's export figures. As India's wheat export forms a large proportion of Great Britain's supply, the shortage will be felt severely, consequently a liberal quantity will have to be purchased elsewhere, in order to make up the deficiency.

"With respect to Russia," added Mr. Dobell, "the reports, as is natural with so vast a country, are varied. While in Britain I saw reports from the Volga districts, saying the seed had failed to germinate, which fore shadows that suffering and famine in this section will be rampant. In south western Russia harvesting is reported to be progressing under favorable conditions, and the prospects point to good crops."

While ridiculed by many, he stated that the belief, however, was entertained by conservative people that the possibility existed of the Russian government prohibiting the export of wheat, especially if the sufferings from famine reached an acute stage. In any case, the crop in the southern part and center of Russia would show a very serious falling off from those of recent years. In Roumania the crop is estimated at fully 40 per cent under that of last year.

It was therefore quite evident that America would be more the dictator of prices than had been the case in most recent years.

Germany, Mr. Dobell proceeded to say, would likely garner an excellent crop, and considerably in excess of last year, the production having received an impetus by increased duties levied to protect the agricultural classes. From Spain, which country suffered severely last year from bad crops, came reports to the effect that the outlook was excellent, and both France and Italy were expected to harvest crops at least equal to those of last year.

"It is also worthy of note," he said, "that the quality of wheat now coming from the Argentine Republic does not give the same satisfaction as in previous years."

"These were the conditions prevailing in Europe when I left, yet I notice that a severe hailstorm has just passed over Spain, and the optimistic reports from that country may have to be modified. On the whole, I should say that the world's wheat crop this year will be at least from 200,000,000 to 250,000,000 bushels less than last year."

He likewise observed that stocks generally of wheat and flour in the foreign markets were light, and the general opinion was that higher prices were likely to rule in the near future.

"What about the British Isles?" he was asked.

"The crops in Great Britain are a good average," said he. "Public sentiment towards Canada is exceedingly favorable, and the disposition is general to turn all possible business in this direction."—Montreal Gazette.

Highland Park

The new Swedish church was opened last Sunday by the holding of the annual camp meeting. A very large crowd was present and a most successful day was experienced. Several outside ministers were in attendance.

There will be a picnic at Highland Park on Thursday, July 26th. A good program of sports, foot racing, horse racing, etc., is being arranged, while a baseball game will be played between the Crescents of Battle Lake and the Highland Park team. A general invitation is extended to everybody.

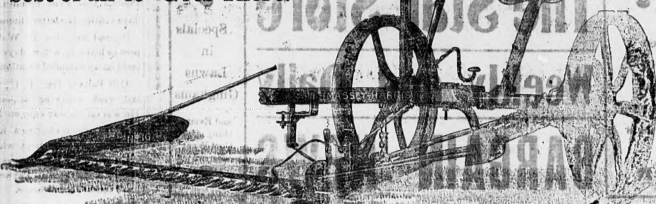

The creamery started here a short time ago is doing a rushing business and is being well patronized by the farmers. A good article is being made which will command the highest price.

When Farmers Unite

Strathcona Phindesler—Further evidence of the advance of united action on the part of the farming community of this province are constantly coming to light. The granting of "Alberta Red" as a recognized wheat standard in the Grain Act is one of great value. Another is the nomination of a second member of the Grain Standards Board of Alberta. Both these concessions were granted at the request of the Alberta Farmers' Association; their delegate receiving every courtesy at the hands of the Government. By intelligent co-operation with the Government this organization has been successful in securing several improvements in Agricultural legislation which will be of great advantage to the province as a whole, measures which could not have been secured by individual effort. Certainly in union there is strength, and the Alberta Farmers' Association is working along lines which appeal to the administrations of both Dominion and Provincial, as rational and practical.

Alberta Government Will Handle Poultry

The provincial department of agriculture has taken another step forward, which will be appreciated by the people of Alberta in general and farmers in particular. Realizing the great success of the creameries, and also taking note of the fact that large quantities of poultry are shipped into Alberta annually, the department has decided to take the poultry raised by Alberta farmers in the autumn, fatten it, slaughter it, place it in cold storage to be sold at the most profitable season and return the profits to the poultry raiser.

The method will be somewhat similar to that in vogue in handling the creamery business, with the exception that the poultry producer in this case will have to wait some time for his money, and will receive, as yet, no advance, as is the case in the creamery business.—Albertan.

DISTRICT NEWS
Gathered by our wide-awake
Correspondents.

Hastings Coulee
(Intended for last week)
Crops are looking fine in this
section and farmers are now won-
dering what they will do with
their crops.

Geo. Gammond is building a
large fine home on his homestead,
which will be ready to occupy
soon.

A very pleasant gathering took
place at Jim Henderson's on Sat-
urday night in the form of a Le-
vel Aid. Receipts \$11.00, which
was given to our pastor, Rev J. C.
Kirk. The table was supplied with
all the good things imaginable.
We sincerely hope for another
such occasion.

Farmer have taken advantage
of the frequent rain and a large
amount of breaking has been done.

C. A. Hastings has severed his
connection with the Coulee Ranch
where he has been employed over
four and a half years, and con-
cluded to work his farm. He has quite
a large acreage broken and is con-
templating. Look out for wedding
bells.

C. Y. Campbell, late of Boston,
Mass., has built a fine house on his
homestead. A long felt want is
soon to be realized in the way of a
store in our burg. C. Y. Campbell
has leased the large and commodi-
ous house of B. K. Young and will
do it with goods suitable to the
wants of the settlers. Mr. Camp-
bell has had twenty years experi-
ence in the business and is noted
for honesty, uprightness and fair
dealing, which predict for him a
brilliant success. The store will
be ready for business about the
14th inst.

L. Neil Bell has gone to Nebr-
ska to visit his friends and expects
to return in about three weeks.

Low Sinclair is digging a cellar
preparatory to building a new
house.

Our pastor, J. C. Kirk has de-
cided to live on this end of his
circuit and is boarding at Henry
Stinson's.

Nashville
The sympathy of the entire com-
munity is extended to Mr. and Mrs.
Otto Boehm in the loss they sus-
tained on Thursday morning when
their infant son, only a few weeks
old, was called from this world.
The little sufferer was sick about a
week, but was in good health prior
to his illness. The funeral took
place on Sunday afternoon.

John Johnson has a large gang
of men at work erecting a machine
shed.

C. H. Swanson has about com-
pleted the work of cutting out a
road around the hills at the
Gould's crossing. It is an excel-
lent job, proving that Mr. Swanson
was the right man in the right
place, and will save the lives of
many horses, and possible people.

Rev. A. M. Olson was at Camrose
last Sunday taking part in the
large missionary meetings held
there.

All the boys of this district who
have been working on the C. P. R.
grading near the Battle River, were
home last week. This week they
joined in the grating gang on the G.
T. P. line.

The Canadian Northern Rail-
way company is siding this season
1,500 box cars, and one thousand
flat and sixteen new locomotives
to the rolling stock equipment of
the western end of the system. Six
of the locomotives have been de-
livered by the manufacturers and
the balance will, it is expected, be
in commission by the middle of
August. The delivery of grain
cars begins this month and the en-
tire fifteen hundred will be on
hand ready for service by the time
the crop starts to move.

Nearly all of the business section
of Arrowhead, B. C., was destroyed
by fire on Friday last.

OXFORD CHAMBER
The Right Steel Plate Range
Burns either wood or coal with
real economy, because the
draft system is always
under your control—easy to
handle as to set a clock
ahead or back. Big copper-
lined reservoir, utilizing
heat other ranges waste,
gives an always ample supply
of hot-water, more economy
and more convenience. You really
ought to see this range, it's
so handy in every detail.
There's no range that gives
you so much kitchen
comfort for the money—
so much certainty that it
WILL cook right and
can't help but BAKE
right. Won't you
call and see it?
